New home for refugees

You are probably asking yourself how it is possible to support refugees by participating at the event. Well, to put it briefly, all the money from the ball and its lottery will go to a new refugee home in Hollabrunn. The idea arose due to the fact that there is a huge unused area in the south of Hollabrunn across the “Shell” gas station. A first plan has already been developed in association with the mayor. The home should provide basic needs for up to 50 refugees. Since the refugees will need care workers, also a few new jobs will be created.

Campaign for a good cause

Wouldn’t you like to support the project and cater for a great night? There is an easy way to do both things in one go! You just need to donate prizes for the lottery. The more prizes available, the more people will buy tickets. Hence, there will be more money for the home and also more fun at the ball. Think about all the stuff you don’t need any more but other people would love to win!

Save the date for an experience you will never forget!
